**SUBJECT : UPLOADING OF THE WASH IN SCHOOLS (WinS) DATA FOR SY 2024-2025 THROUGH THE ENHANCED ONLINE MONITORING SYSTEM (e-OMS)**

**DATE : June 24, 2025**

The Department of Education (DepEd) Order No. 10, s. 2016, also known as the Policy and Guidelines for the Comprehensive Water, Sanitation, and Hygiene (WASH) in Schools (WinS) Program, establishes quality standards for water, sanitation, hygiene, deworming, and health education. It aims to promote proper hygiene and sanitation practices among schoolchildren and ensure a clean, safe, and healthy school environment.

The WinS Program uses the Three-Star Approach (TSA), an integrated system for monitoring, quality assurance, and performance recognition. Outlined in DepEd Memorandum No. 19, s. 2018, it promotes continuous improvement and measurable results in school communities.

After years of implementing the WinS policy, DepEd and its partners recognized the need to integrate the WinS Online Monitoring System (OMS) into the Basic Education Information System (BEIS). To support this, BLSS-SHD, in collaboration with GIZ, UNICEF, and Save the Children Philippines, is amending DepEd Memorandum No. 194, s. 2018, to strengthen WinS monitoring and implementation, ensuring alignment with educational priorities and technological advancements.
