1. This Office, in coordination with the **Department of Health (DOH)**, the **Provincial Health Office (PHO)**, and the **Provincial Government of Northern Samar**, announces the expansion of the **Healthy Learning Institutions (HLI)** program from thirty (30) pilot schools to a total of one hundred thirty (130) Last-Mile Elementary Schools (LMES) across the Division.
2. The HLI program is anchored on **Republic Act No. 11223** or the **Universal Health Care Act**, which promotes access to quality health services in all settings, including schools. It aligns with the Department of Education's **Oplan Kalusugan (OK) sa DepEd**, the Department of Health's **Health Promotion Framework Strategy** (focusing on seven priority areas), and the **World Health Organization's Six Pillars of Health-Promoting Schools**. These frameworks collectively aim to strengthen school-based health and nutrition initiatives through a whole-of-school and whole-of-community approach.
3. **Selected schools**, as indicated in the attached list, are directed to implement the HLI framework and participate in all related activities and monitoring processes. **School heads** are expected to lead and support the effective rollout of the program in their respective schools.
4. The **School Health Section**, through the assigned **school nurses**, is likewise directed to provide the necessary technical assistance and on-site support throughout the implementation process.
5. As part of the preparatory activities for the program's expansion, both **newly included schools** and the **initial batch of HLI schools** are required to conduct a self-assessment using the **Self-Assessment Checklist (SAC)**,
